# Director's Note

When I heard that Rock of Ages, which is one of my favorite Broadway shows, was releasing a High School Edition I got very excited. I always thought my students would enjoy performing a high energy show like this, but the original Broadway production would not have played particularly well to our audience here at Buchholz. The Teen edition is just as good and works best for the high school age group. The show takes some of the greatest rock songs of the 80s and weaves them together into a brilliant tapestry and tells a story about people and their dreams. At the center of the story are Drew and Sherrie two young adults who both have big dreams of making it in the very competitive film and music industry of the 1980s. Their guides through this adventure are led by Lonny, the sound technician of the Bourbon Rock Club on the Sunset strip in LA, and his erstwhile boss Dennis Dupree the owner of the legendary rock club not to mention Justice the proprietor of the Venus A Go Go restaurant and dance club. These characters all play a part the evolution of Drew and Sherrie's dreams. The students have really risen to these very challenging roles and have discovered a whole new era in music history. This production would not have been possible if it weren't for the support of Buchholz administration and our Parent Booster organization. I have to thank our Music Director Sarah Prager and our Rock Band Director Hayden Huddleston. They have worked tirelessly with all aspects of the music and have been totally amazing in every aspect of the job. Also, our student band who after a very short time sound like they have been playing music together for years. In this show they are the famous band Arsenal. Finally, we are competing with numerous other schools in the State of Florida for an opportunity to take our show down to Tampa for the State Festival and perform to a sold-out audience in one of Tampa's professional venues. So thanks goes to you our patrons as well because without you this show, this program would not be possible.

Enjoy the show.

*Ted Lewis*
